A Message from the Chief

Welcome to San Diego State University Imperial Valley Campus!

I would like to welcome all new and returning faculty, staff, and students to San Diego State University Imperial Valley Campus. As members of the IV campus community we all share the responsibility of maintaining a safe and healthy environment. Your safety while at the SDSU Imperial Valley Campus and within the university community is the primary concern of the University Police. The San Diego State University Police Department practices the philosophy of Community Oriented Policing and is operational 24 hours a day, seven days a week providing law enforcement services.

Our police officers and dispatchers meet and or exceed the standards established by the State of California, Peace Officers Standards and Training. Our personnel are uniquely trained to provide the finest law enforcement services to a diverse university community.

This brochure is available to the public to provide statistical information required by law. If you have questions or concerns regarding any information on this brochure, please contact the University Police at (619) 594-1991.

Sincerely,

John L. Browning
Chief of Police

The mission of the Department of Public Safety is to:

- Protect persons through proactive law enforcement and promote a safe and secure environment.
- Address issues that impede or disrupt the orderly operation of the academic process.
- Protect university property by initiating police action (enforcing laws/regulations, arresting offenders) and the education of the community concerning crime prevention methods.
- Mitigate liability and hazards to the university.

Department values are:

Service to the Campus Community
We value the opportunity to provide service in a manner which is fair, courteous, responsive and efficient. An attitude of respect for the protection of the worth, dignity, and the rights of all we serve is the foundation of our department.

Integrity
We value candor, honesty and ethical behavior in the members of our department. We are committed to uphold our positions of trust by maintaining the highest ethical standards as set forth in the law enforcement code of ethics.

Responsibility - Accountability
We value the need for effective use of our resources and openness in our department’s communication with our university community. We will be responsible for our actions and ensure that our behavior earns the support and trust of all segments of the public.

Professionalism
We value the spirit of professionalism, having a clear sense of commitment, perspective and direction. It is developed by creating an empowering environment that encourages teamwork, innovation and constant evaluation of ourselves.

Excellence
We strive for personal and professional excellence. We have a commitment to improve our university community and earn their trust, respect and support through active partnership, involvement and service.
Safety on Campus

Our Community

San Diego State University strives to:

- Create and maintain an environment for learning that promotes respect for and appreciation of scholarship, freedom, human diversity, and the cultural mosaic of the San Diego Community;

- Promote excellence in instruction and intellectual accomplishment and provide broadly accessible higher education for residents of the region and state, as well as the nation and the world.

The University Police participates in delivering the University mission and strives to create a safe environment conducive to academic excellence. Even though the University Police works closely with neighboring Police Agencies and employs security measures to reduce and prevent crime, we believe security is everyone’s responsibility, and we need your assistance.

SDSU IVC is a community of approximately 1000 students, faculty and staff located in the City of Calexico and the City of Brawley. The University contracts with a private security company to provide security services at both sites of the IV campus. We maintain a collaborative and reporting relationship with the Calexico Police Department and the Imperial County Sheriff’s Office and do not employ University police officers at the IV campus. We do stay in contact with the Calexico Police Department, the Imperial County Sheriff’s Office and contracted private security and will intervene if a security issue arises.

On the IV campus, to minimize the number of criminal incidents, a competent administrative staff, contracted private security, the Calexico Police Department, the Imperial County Sheriff’s Office, students, and members of the wider campus community participate in a number of shared responsibilities to insure that the students and their possessions are protected as much as possible.

University Police: Your Community Policing Agency

Safety and security is coordinated by the University Police, located in Public Safety building (located at 55th and Remington Road) of the main SDSU campus. The department has a force of 33 sworn police officers and 35 non-sworn support employees. Our police officers are graduates of the California Peace Officers Standards Training Academy with full arrest powers throughout the state. The Officers undergo continued training to upgrade their skills and have been trained in first aid and CPR. University Police Officers are armed with firearms. Officers are responsible for reporting and investigating crimes and traffic accidents, responding to medical emergencies, enforcement of state laws and local ordinances, and all other incidents requiring police assistance. Through a mutual aid agreement, the Calexico Police Department and the Imperial County Sheriff’s Office will respond to all law enforcement emergencies and investigate potential criminal activities that occur at the IV campus and surrounding area. Criminal cases are forwarded to the Imperial Valley District Attorney’s Office or the Calexico City Attorney’s Office for prosecution.

Please promptly report all criminal incidents and medical emergencies to us.

Potential criminal actions and any emergency on campus, including medical and fire emergencies, should be reported directly to the Calexico Police or the Imperial County Sheriff’s Office by dialing 9-1-1 from any campus phone, cell phone or by using one of the duress telephones located throughout campus. Campus duress phones are distinctively marked and have a blue light on top. Most classrooms are equipped with campus phones that can be used to summon assistance or report crimes. To reach the Calexico Police Department or the Imperial County Sheriff’s Office directly in an emergency from a campus phone dial 911. The non-emergency phone number for Calexico P.D. is (760) 768-2140. The non-emergency phone number for the Imperial County Sheriff’s Office is (760) 351-2860. Most university offices and classrooms are equipped with campus phones, which can also be used to summon assistance or report crimes.
Reporting Criminal Offenses to University Officials

Faculty, staff and students are encouraged to report any problems with the campus environment directly to the University Police, but you may also report criminal offenses to designated campus officials (including but not limited to directors, deans, department heads, designated Residential Education staff, judicial affairs, advisors to students/student organizations, athletic coaches), or to local law enforcement agencies. Crimes can be reported anonymously by calling Crime Stoppers at (619) 235-TIPS (8477) or via the Department web page at: www.police.sdsu.edu. The University Police, Counseling and Psychological Services, and the Division of Student Affairs will accept confidential and anonymous reports of crimes for inclusion in the annual statistical report. It is our goal to provide assistance wherever the report is made to make sure we include the crime in our annual security report.

Timely Warning Policy

On occasion, you will see timely warning notices describing recent crime trends or dangerous incidents in an effort to provide our community with information about the incidents and crime prevention recommendations. It is our policy to disseminate these notices via the University police website, campus e-mail, voice mail, posting these notices on the exterior doors of campus buildings and bulletin boards and to notify local media. Once all the relative information is received, these notices will typically be posted as soon as possible.

Crime Prevention Presentations Available

As part of the Department philosophy, University Police along with Counseling and Psychological Services, Residential Education, and Student Health Services hold crime prevention sessions each semester. Last year over 100 presentations were made on topics including personal safety awareness, rape and sexual assault prevention, Rape Aggression Defense (R.A.D.), property protection strategies, workplace violence prevention, drug and alcohol abuse, drunk driving prevention, and combating underage drinking... Workshops, group presentations and written materials are provided to on-campus housing residents each semester, focusing on community responsibilities and needs within the student living environment. Information on safety and security is provided to students and employees regularly through seminars, films, bulletins, and crime alerts, posters, brochures and university student newspapers.

Policy For Reporting The Annual Disclosure of Crime Statistics

The University Police prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at www.police.sdsu.edu. You will also be able to connect to our site via the SDSUIVC Home page at www.ivccampus.sdsu.edu. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, Residential Education, the Judicial Affairs Officer, the Division of Business Affairs, and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the SDSU Police, designated campus officials (including but not limited to directors, deans, department heads, designated Residential Education staff, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. California law (11160 of the California Penal Code) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Student Health Services) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. Department of Counseling and Psychological Services staff will inform their clients of the procedures to report crime to the University Police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics.
disclosed confidentially during such a session. For crime statistics for the City of Calexico, contact the Calexico Police Department at (760) 768-2140. For crime statistics for the City of Brawley contact the Imperial County Sheriff’s Office is (760) 351-2860.

Each year, an e-mail notification is made to all enrolled students that provide the web site to access this report. Faculty and staff receive similar notification with they’re paycheck. Copies of the report may also be obtained at the University Police Department Headquarters located at Public Safety building (located at 55th and Remington Road) or by calling (619) 594-1985. All prospective employees may obtain a copy from Human Resources.

Information provided by the State of California concerning registered sex offenders may be obtained online at: www.meganslaw.ca.gov. A link to the web site is also located on the crime prevention page of the University Police web site www.police.sdsu.edu

Policies & Procedures Concerning Security, Access and Maintenance of Campus Facilities

Campus buildings are normally secured during non-business hours, on weekends and on holidays. After hours access to campus buildings is limited to authorized faculty and staff with valid University I.D. Students who wish to work in the building after hours must first obtain written authorization by the college dean, together with valid student identification. Anyone working late or on weekends should notify the University Police at (619) 594-1991.

The IVC campus buildings and grounds are maintained by Physical Plant and patrolled by contracted private security guards. The Physical Plant maintains the University buildings, grounds and roadways with a concern for safety and security. They inspect campus facilities regularly, make repairs affecting safety and security, and respond to reports of potential safety and security hazards, such as broken windows, locks, and lighting. The police officers and community service officers regularly test the emergency phones and submit work orders for repair, recommend the trimming of shrubbery for safety reasons and conduct periodic lighting surveys. Police Officers report the need for replacement of lights and any other physical hazards. Periodic crime prevention surveys are conducted when a crime trend occurs or upon the physical change of office space and equipment when requested by an administrator. Most campus buildings are equipped with card key access and door alarms that report to the University Police. Many offices, labs, computer rooms and areas of campus have alarms and video cameras. Call Physical Plant at (760) 768-5516 (from any campus phone dial 6-5516) or the University Police after hours to report any safety or security hazard in or around campus buildings, grounds or roadways.

Lighting and environmental improvements are constantly being evaluated. Risk Management members periodically walk through the campus to review lighting and other environmental concerns for safety. Improvements have included the placement of high intensity sodium vapor lights in buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. Distinctively marked duress telephones are located at the entrances of all university housing facilities and at many locations throughout the campus. All emergency telephones are connected directly to the University Police.

Missing Student Notification Policies and Procedures

The Office of Housing Administration and Residential Education Office provides all students living in a on campus residential facility to register the names and contact information of individuals whom the campus should contact if the student is reported to be missing for longer than 24 hours, or in any case where foul play may be suspected. The contact information is confidentially, and is only accessible to authorized campus officials and law enforcement. In the case of a student that is under 18 years of age and not emancipated, the campus officials must also notify a custodial parent or guardian when the student is missing, in addition to any additional contact person designated by the student.
Any student, faculty, staff or visitor to the campus suspected of being missing should be immediately reported to the University Police. If a suspected missing student is living in an on campus residential facility, persons may report the missing student to the Office of Housing Administration and Residential Education Office, or the Residence Hall Coordinators or Resident Advisors, who will immediately notify the University Police.

The University Police will conduct the missing person investigations, including entering the missing persons information into the Missing Person System in the National Crime Information Center database and coordinating with other law enforcement agencies.

**Annual Fire Safety Report**

The Office of Housing Administration and Residential Education Office publish the annual Fire Safety Report for the SDSU residential community. The report includes:

- A description of each on-campus student housing facility;
- The number of fire drills conducted during the reporting year;
- Campus policies or rules on portable electronic appliances, smoking, and open flames in a student housing facility;
- Campus procedures for evacuating student housing in the event of a fire;
- The policies regarding fire safety education and training programs provided to the student and employees (including the procedures that students and employees should follow in the case of a fire);
- The titles of each person or organization to which students and employees should report that a fire occurred; and
- Plans for future improvements in fire safety, if any.

A copy of the annual Fire Safety Report can be obtained online from the Office of Housing Administration web site: www.sa.sdsu.edu/housing/, or in person at their office located at 6050 Montezuma Road, or you may request a copy be mailed to you by calling them at (619) 594-5742.

**Multi-Hazard Response Plan**

In the event of an emergency, natural disaster or dangerous situation involving an immediate threat to the health of students, staff or visitors on campus, the University will immediately notify the campus community of emergency response procedures and/or evacuation procedures, unless the notification at that time will compromise efforts to contain the emergency.

Information concerning the status of San Diego State University, Imperial Valley Campus will be available to students, faculty, staff, parents and community members through a variety of sources, including:

- Imperial Valley Campus Home Page: http://www.ivcampus.sdsu.edu/
- Email Communications
- KECY Channel 9; KYMA Channel 11
- KPBS 97.7; KXO 12:30AM
- Departmental Phone Trees

As part of the University’s Multi-Hazard response plan, there are “safety coordinators” in each building on campus. Safety Coordinators are trained in emergency response and play a vital role in the campus safety structure and in building evacuations. Evacuation information is posted throughout campus. The campus emergency operations information line 1-760-768-5520
In an emergency situation on campus, the Safety Coordinators in your building assist in:

- Evacuating the building
- Guiding building residents to a designated emergency assembly point
- Contacting department supervisors to account for employees

Evacuation drills are conducted on an annual basis. The safety coordinators assist emergency personnel in evacuating buildings in emergencies and identifying hazards in the buildings. Faculty, staff and students should report crimes and suspicious activities 24 hours a day to the Calexico Police Department or the Imperial County Sheriff’s Department.

San Diego State University continually assesses the need for additional emergency communication tools, and as those become available the information is shared with the campus community.

Faculty, students and staff should become familiar with the Emergency Procedures Booklet. Emergency phone numbers as well as important information related to medical emergencies, earthquake and fire safety, chemical spills, toxic fumes, power outages, physical threat or assault/workplace violence, and bomb threats are contained in the booklet, available on the Emergency Preparedness website:

http://www.ivcampus.sdsu.edu/Information/safety/community.asp

**Student Discipline**

Students may be expelled, suspended or placed on probation for committing violent or criminal acts on campus or at campus-related events. In compliance with federal and state laws and regulations, victims of violent crimes, including sexual assault, are to be informed whenever information regarding disciplinary action taken by the university is included in a student's file. Within three working days, victims are to be informed of the results of the disciplinary action and any appeal. The victim is required to keep the results of the disciplinary action and appeal confidential. For further information, contact the Judicial Office in the Center For Student Rights and Responsibilities by calling (619) 594-3069.

**Hate Crimes**

“Hate violence” as defined in the statute “means any act of physical intimidation or physical harassment, physical force or physical violence, or the threat of physical force or physical violence, that is directed against any person or group of persons because of the ethnicity, race, national origin, religion, sex, sexual orientation, disability, or political/religious beliefs of that person or group”. Incidents of hate violence can be reported to the University Police, Counseling and Psychological Services, Center for Student Rights and Responsibilities, Center for Human Relations or the University Administration. The University does not condone hate violence and is charged with ensuring that the rights guaranteed by state law and the U.S. Constitution are protected for all people regardless of their ethnicity, race, national origin, religion, sex, sexual orientation, disability, or political/religious beliefs.

**Alcohol, Drugs and Weapons Policies**

*SDSU Complies with the Drug Free Workplace Act of 1990 and the Higher Education Act Section 120a.*

University police officers enforce laws regulating the use of alcoholic beverages and underage drinking. SDSU is committed to maintaining a safe and healthy environment for the campus community. Alcohol and other drugs should not interfere with the University’s educational mission. All SDSU students, faculty members, staff members, and administrators are subject to local state and federal laws regarding the unlawful possession, distribution, or use of alcohol or illegal drugs.
The unlawful manufacture, distribution, dispensing, possession or use of illegal drugs on the University campus or at any University-sponsored event off campus is prohibited. No one may use illegal substances, or abuse legal substances, including alcohol, in a manner which impairs performance of assigned tasks. A complete description of the University “Alcohol and Drug Policy” is available on the SDSU web page at www.sdsu.edu.

The use of alcoholic beverages must be in compliance with California State Law and is strictly limited to persons 21 years of age or older. The possession, transportation, and/or consumption of alcohol by individuals under 21 years of age is strictly prohibited. Alcoholic beverages may not be consumed in public areas and must be concealed and not in plain view when transported in the Residential Communities. Residents of the Residential Halls under the age of 21 are not permitted to host guests or residents of any age who are in possession of alcohol in their room/apartment.

The University Police strictly enforces Federal and State laws, as well as the University’s zero-tolerance policy, for the possession, use or sale of illegal drugs. Violators are subject to university discipline, criminal prosecution and removal from the University. Students found in violation of University Alcohol, Drug and Weapons Policies may be subject to academic probation, suspension or expulsion.

Employees in violation of the university alcohol and drug policies may be subject to corrective action or dismissal or be required to participate fully in an approved counseling or rehabilitation program. Applicable legal sanctions under local, State and Federal law for the unlawful use, possession or distribution of illicit drugs and alcohol range from probation, diversion, imprisonment in the county jail for less than one year, to imprisonment in State Prison. A police officer can take the license from any driver suspected of driving under the influence of alcohol and drugs who refuses to take a blood alcohol test.

The University recognizes that alcohol and drug dependency is an illness and a health problem. Individual assessment, treatment and referral services are available through Counseling and Psychological Services. Excessive use of alcohol and other drugs is a serious health problem in itself, but alcohol and drug abuse can also contribute to a host of other physical and mental health problems such as unwanted pregnancy, violent behavior, HIV infection and other sexually transmitted diseases and psychological depression. Alcohol diversion programs are available from the Campanile Foundation Center on Substance Abuse and Counseling and Psychological Services. Drug and alcohol abuse prevention and education workshops are available to individuals, groups and organizations through the University Police, Counseling and Psychological Services, Student Health Services and the School of Social Work Student to Student program.

Firearms and other dangerous weapons of any kind are not permitted on campus or in the Residence Community. The use, possession, or sale of firearms or any other dangerous weapon is strictly prohibited on campus by State law.

**Sexual Assault Policy**

SDSU recognizes that sexual assault is a serious issue, and will not tolerate acts of sexual assault on campus.

The University will investigate all allegations of sexual assault and take appropriate, criminal, or legal action. Due to mandatory reporting requirements (per Senate Policy pg. 48, #10) campus disciplinary action may be taken with or without the consent of the victim.

As soon as convenient, the victim of a sexual assault should report the incident to the University Police, the local police (if off-campus), university faculty or staff members. The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering, or disposing of any damaged clothing, or other items that are present after/during the assault. Victims are encouraged to call any law enforcement agency by dialing 9-1-1 after a sexual assault for crime investigation, referral or transport for medical treatment, and referral to crisis counseling and legal advocacy.
The University Police, with the victim’s consent, will immediately conduct a criminal investigation of a reported sexual assault. They will also contact a crisis-counselor immediately, if the victim wishes. Disciplinary actions may be imposed on recognized individual students, student organizations, and/or university faculty and staff found responsible for a sexual assault. University sanctions following campus disciplinary procedures depend on the outcome and may range from suspension to expulsion. Every effort will be made to criminally prosecute perpetrators of sexual assaults. During a disciplinary hearing involving sexual assault, the accused has the right to have witnesses speak on his or her behalf and to have an advisor present. Either the advisor or the student may speak on the student’s behalf—not both. The accuser has the right to tell his or her story and have an advocate present. This advocate is present for support only and will not be allowed to speak or give testimony during the hearing. Should it be deemed necessary, witnesses will be called in support of the accuser. In contrast, the disciplinary hearings that do not involve physical or sexual assault, both the accused and the accuser shall be informed of the outcome of the proceedings.

After an alleged sexual assault incident occurs, the university will assist the victim in changing academic and living situations if so requested and if such changes are reasonably available.

**If you become the victim of a sexual assault on or off campus:**

- GET to a safe place
- CONTACT the University Police (or your local police if off campus) by dialing 9-1-1
- DO NOT shower, bathe, douche, change or destroy clothing
- DO NOT straighten up the area
- SEEK medical attention
- SEEK emotional support from local Rape Crisis Center

**Sexual Assault Response Team (S.A.R.T.)**

The sexual assault response team consists of experienced professionals in various disciplines that have also received sexual assault response training and coordinate their expertise to assist victims during the investigation of sexual assaults.

**R.A.D. and r.a.d. KIDS**

The Rape Aggression Defense System is a program of realistic, self-defense tactics and techniques. It is a comprehensive course for a woman that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. r.a.d. KIDS is a personal empowerment and safety education course for girls and boys ages 5-10 years.

See the department web page www.police.sdsu.edu or call (619) 594-1987 for additional course information.

**Counseling & Psychological Services**

Psychological Services. We work as a team in dealing with sensitive situations, and we refer persons to the Counseling Center on a regular basis. Both public safety officers and counselors have received training on threat assessments and the counselors consistently encourage their clients to report crimes to the University Police to prevent future crimes. Counseling sessions are considered privileged and the holder of the privilege is the client. Crime information can be forwarded anonymously at the request of the client. The counselors do not disclose information to the public without the consent of the client, unless there is an immediate threat to safety. Any reporting of statistics to comply with this act is done by reporting numbers and not names so the information provided by clients is confidential.

Counseling services are available to students, staff, and faculty at no cost. The staff consists of professionally trained and licensed counselors, psychologists, and clinical social workers. Counselors are also available for consultations regarding distressed or potentially violent students/employees and can be reached at (619) 594-5220.

**Available Crime Prevention Presentations and Prevention of Violence in the Workplace**

San Diego State University has established a team of individuals to respond and provide training to prevent or recognize early warning signs of potential violence. The team consists of members from University Police, Counseling & Psychological Services, Human Resources and Student Affairs. Individual consultations, counseling, presentations, and workshops are offered on a consistent basis. Requests can be made by calling the University Police at (619) 594-1991.

Established University faculty, staff and University Police procedures will serve as the mechanisms for resolving situations of violence or threats of violence. Each allegation of violence will be taken seriously. Individuals are
encouraged to report acts of violence, threats of violence, or any other behavior which by intent, act or outcome harms another person by calling the University Police at (619) 594-1991 or 9-1-1 in an emergency.

If you would like a copy of “Workplace Violence Awareness” please visit our website at: www.police.sdsu.edu or call the University Police at (619) 594-1985. Members of the University Police are available to provide the following presentations to staff, faculty and students:

• Personal safety awareness
• Sexual assault prevention
• Prevention of auto theft and auto burglary
• Dealing with distressed individuals
• Emergency preparedness
• Rape Aggression Defense (RAD) for women, r.a.d. KIDS
• Self defense and the use of pepper spray
• Use of pepper spray
• Property protection strategies
• Drug and alcohol awareness
• Anti-drunk driving
• Wellness workshop

We also offer New Student Orientation, Transfer Student Orientation, and any other topics related to protecting personal and state property. We encourage participation in our crime prevention programs and ask for your assistance in keeping our community safe.

rev. 09/10
The Rape Aggression Defense (R.A.D.) System is a 14-hour comprehensive course that begins with awareness, prevention risk reduction and avoidance, progressing on to the basics of hands-on defense training. It is dedicated to teaching women defensive concepts and techniques against various types of assault using easy, effective and proven self-defense/martial arts tactics.

R.A.D. provides effective options by teaching women to take an active role in their own self-defense.

How much time and money is your personal safety worth?

Go now to the SDSU Police R.A.D. website for course information: http://police.sdsu.edu/rad.htm
