Hortencia Sanchez  
Joel Sierra  
Mariko Watanabe

### Students who went in Fall 2009

Gloria Cossio and Jose Alberto Martinez

### Spain Summer 2008 Experience by Rodolfo Nubes

My experience in Spain this past summer was beyond my expectations. A completely different culture, food, people, places, etc. The teachers in Universidad Nebrija were the best teachers we could've had, always concerned for any questions we had about their country. Spain is a beautiful place to visit, with so many different places in Madrid alone, like Museo del Prado, La Puerta de Alcalá, Plaza Mayor, etc there is no need to go somewhere else. Luckily we had the chance to go to other cities like Granada, Sevilla, and Toledo, which are impressive historical cities. Our visits included La Alhambra, Catedral de Toledo (Greco Paintings), and Federico García Lorca's house, just to name a few.
