Rediscovering SDSU Imperial Valley

A SUPERB EXPERIENCE

So, what’s next?

BY WIRANA CESSA

My name is Virma Cessa and I’m 22 years old and I am an Imperial Valley native. I graduated from SouthWest High School in 2015 and began my collegiate career at Imperial Valley College that following fall.

I graduated from Imperial Valley College with honors in 2014 and transferred to San Diego State University-Imperial Valley. At SDSU-IV, I was double majoring in Spanish and Psychology. I finally graduated from San Diego State University- Imperial Valley last May.

I want to share my experience at SDSU-IV with others who are facing the same decision-making process. I believe that SDSU-IV offers much more than just an education. I found that SDSU-IV has given me the opportunity to meet some of the most amazing people I have ever met.

The faculty and staff of SDSU-IV have been very supportive in all of my achievements. I was also grateful for the many opportunities that SDSU-IV was able to provide me.

When I was a student at SDSU-IV, I was able to participate in many different activities. I was a member of the Psychology Club, the Dance and Theater Club, and the Alpha Xi Delta sorority. I was also a member of the SDSU-IV Research Symposium and the SDSU-IV Research Challenge.

As a transfer student, I was able to experience academic success and make new friends during my time at SDSU-IV. I was also able to transfer to SDSU as a transfer student.

I want to share with others that SDSU-IV is more than just an education. It is an experience that will stay with you for the rest of your life.
