She is also interested in teaching and promoting health and wellness in the community. She has served as a consultant to local schools and businesses.

SDSU-IV Associated Student Council retreat

BY ASHLEY MOYA

B ringing together faculty, students, and staff, the Associated Student Council of SDSU-IV hosted a retreat at the Imperial Valley Conference Center. The retreat provided an opportunity for the council to engage in team-building activities and connect with each other. The event featured workshops, games, and a keynote speech by a guest speaker.

Baccalaureate nursing students

SDSU-IV Nursing Program welcome students from Switzerland

The San Diego State University-Imperial Valley Campus (SDSU-IV) Nursing Program welcomed baccalaureate nursing students from Switzerland to its campus for a three-week intensive program in the summer of 2017. The program is designed to provide students from Switzerland with an opportunity to study nursing in a different cultural setting and to gain experience in a different healthcare system. The program is also open to students from other countries.
